## PROFILE

I am a dedicated graphic designer who works with passion and responsibility to deliver creative solutions. I have one year of experience in graphic design, including 7 months as a full-time designer at Sharp Group L.L.C., where I worked on various projects such as logos, social media posts, campaign materials, branding, website banners, event designs, and gift cards. I am organized, flexible, full of fresh ideas, solution-oriented, and committed to every project. I'm always eager to grow professionally. My goal is to work in an environment where creativity, quality work, and honest communication are valued and that is exactly what I am ready to bring to any team I join.
